

CREATE MORE OPEN SPACE WITH
SUSTAINABLE DOOR SOLUTIONS

Kömmerling PremiDoor 76

WELCOME THE SUN INTO YOUR HOME.

Bright living spaces flooded with light – a dream within reach at any time: With our Kömmerling PremiDoor 76 lift/sliding door system. Recharge your batteries with a view into nature, or enjoy the expanse of the urban skyline. Anything is possible. Kömmerling PremiDoor 76 creates generous glazed areas that integrate the outside into your four walls. Good to know: The system is barrier-free, impresses with maximum handling ease and ensures high thermal insulation. In addition, the profiles are recyclable and made of eco friendly uPVC. The result is sustainable door solutions, perfect for new buildings and renovations.

AT A GLANCE

- Barrier-free thresholds
- Tall installed heights and glazed areas
- High levels of natural light transmission
- User-friendly operation when opening and closing
- Sustainable, recyclable system solution made of eco friendly, lead-free uPVC profiles

RELAX IN COMFORT

Kömmerring PremiDoor 76

Are you looking for more? More transparency, more free, natural light and more comfort control? Then Kömmerring PremiDoor 76 is perfect for you. With its sophisticated design, slim sash lines, generous glazed areas and multiple opening modes, Kömmerring PremiDoor 76 is the premium lift/sliding, high performance door system.

Kömmerring PremiDoor 76 opens up a wealth of design possibilities for you – thanks to a wide range of colours and finishes. The palette ranges from classic white through a specially selected range of beautiful embossed woodgrains, embossed and smooth plain colours.

MAGNIFICENCE IN DESIGN

Realise all of your architectural ideas. Kömmerling PremiDoor 76 will not only inspire you with its elegant design and large glazed areas, but also with its choice of colours and appearance.

Let your imagination run wild: Doors that are discreetly restrained, complementary to the wall colour tone-for-tone or simply incorporated to set striking new trends? With the lift/sliding door system, anything is possible. Just let yourself be inspired by the combination of surfaces, performance characteristics, opening modes and colours.
